

Good Evening Community Friends:

A great big thank you is in order to the Hales Corners Fire Department and the Hales Corners Police Department for all their hard work in assisting the Friends of Hales Corners Park & Pool this morning in Hales Corners Park. I'm told it took approximately 1000 gallons of water to fill the rink. Please personally thank them when you run into them in our Village.

Also, I stopped by the rink about thirty minutes ago and took the two attached pictures. In the background you can see the Village Christmas tree and the Veterans Memorial. Hales Corners is post card perfect year round and the pictures are proof. :)

Thank you for your time and consideration.

Sincerely
Donald G. Schwartz, President
Friends of Hales Corners Park & Pool
