

MKE PROPERTY DETAILING

5615 s 108th St. Hales Corners, Wisconsin. 53130

414-399-1595

www.MkeClean.Com

At the beginning of each Spring, our Family try's to find a unique way to contribute a cleaning contribution to our Community. In 2019, our family has made a decision to go above and beyond in our cleaning contributions for The Community of Hales Corners.

Besides, the obvious financial, and social benefits of The Alyson Dudek International Ice Rink being built in our community. My fiancé Katie, and I, believe the true benefits will be to the children in our community, and the added value it brings to future home buyers for choosing Hales Corners as a great place to raise they're family's. We are also personally attracted to having our own children taking part in something selfless for the benefit of they're community as a whole.

For these reasons, along with our family's appreciation, and respect for the years of devotion given to our community by Mr. Donald Schwartz. Katie, and I, has decided to devote MKE Property Detailing's full roof washing resources, 1 full day per week for the entire 2019 exterior cleaning season (April 1st -to- October 31st) to raising funds for The Alyson Dudek International Ice Center. This will amount to, but not limited to, 56 roof single cleaning, that we will be donating 100% of our time, equipment, labor, and professional expertise in Soft Low-Pressure Roof Shingle Cleaning, for the purpose of raising funds for the new construction of The Alyson Dudek International Ice Center of Hales Corners.

Participating residents will be charged the already low cost of MKE Property Detailing's \$0.35 cents per square foot, for a Low-Pressure Roof Shingle Cleaning, but will make 100% of All Checks Payable Directly to, The Friends of Hales Corners Park & Pool. We feel this will avoid any type of potential confusion, and has the added benefit of residents being able to claim the final cost as a Chartable Donation.

Low-pressure roof shingle cleaning is a safe and much more economical solution to ridding your roof shingles of them ugly black mold staining, streaking, green lichen and moss, without having to replace them. A professional low-pressure roof shingle cleaning by MKE Property Detailing is guaranteed to saving you thousands of dollars, when compared to the cost of having to replace the shingles. you can visit our Roof Cleaning Page at www.MkeClean.com for more info on roof washing.

We feel blessed to have found a community that truly cares about they're neighborhoods, and understands the Importance to supporting efforts that make Hales Corners a even stronger community. When local business's, village officials, and residents are capable of working in harmony to achieve a common beneficial community goal, we exceed the definition of a strong community, and become more like a family.

Sincerely from your Friend, and Neighbor
Jerry s Johnson
